

Danish Shaik

2511 Benvenue Ave Berkeley, California 94704
me@dshaik.com | (408) 207-8836 | <http://dshaik.com>

Education

University of California, Berkeley
Monta Vista High School

May 2020 (expected)
August 2011 - June 2015

Professional Experience

Co-Founder - Bash Inc. | <https://tcrn.ch/2KlNomU>

January - January 2016

Bash is a mobile application that makes organizing activities with friends seamless and hassle-free. Bash lets you create an event and then immediately sends a push notification to all of the invited friends. Your friends can then opt in or opt out, without having to argue for hours on details.

Software Engineer Intern – Lumoid | <https://bit.ly/2MEHI4j>

August - January 2016

Worked as a Software Engineer Intern on the Web Team. Implemented an Internal Analytics Dashboard to help track website traffic data. Used the Ruby on Rails web framework in conjunction with the JavaScript D3 framework to build a robust and scalable system for tracking and visualizing data

Software Engineer Intern - Flipboard Inc. | <https://flipboard.com>

June - September 2014

Worked as a Software Engineer Intern on the Platforms Team. Used several external and internal frameworks to build an internal analytics dashboard. Worked on an internal interface to increase productivity of customer-support team. An interface for dealing with customer issues and flagged items coupled with a robust analytics system.
